Capacity expansions within the mining industry could lead to lower global iron ore prices, impacting our profitability.

Expected global growth of iron ore demand, particularly from China, has resulted in iron ore suppliers expanding their production capacity. The supply of iron ore has increased due to these expansions. In the current iron ore ma"¼ý

IV. OPERATIONAL RISKS

Mine closures entail substantial costs. If we close one or more of our mines, our results of operations and financial condition would likely be affected adversely.

If we close any of our mines, our revenues would be reduced unless we were able to close use of assets or equipment, our h, as o s p r u d e
