

(4) The total includes dividend reinvestment shares acquired pursuant to the Plan. The number of deferred dividend reinvestment equivalent shares earned in the Plan is calculated using the closing market price at the end of each quarter for shares held in the Plan. The reporting person was credited with 21.8352 dividend reinvestment shares on 6/30/2009.

Note: File three copies of this Form, one of which must be filed with the appropriate state authority.
