

the 1990s, the number of people in the world who are poor has increased by 500 million.

It is not just the number of people who are poor that has increased. The number of people who are extremely poor has also increased.

There are now 1.2 billion people in the world who live on less than \$1 a day.

That is 17% of the world's population. And that number is increasing.

By the year 2020, it is estimated that there will be 2 billion people living on less than \$1 a day.

That is 25% of the world's population. And that number is increasing.

So, the number of people who are poor has increased. And the number of people who are extremely poor has also increased.

And that is why we need to do something about it.

We need to find ways to help the poor. We need to find ways to help the extremely poor.

We need to find ways to help the people who are living in poverty.

We need to find ways to help the people who are living in extreme poverty.

We need to find ways to help the people who are living in poverty.

We need to find ways to help the people who are living in extreme poverty.

We need to find ways to help the people who are living in poverty.
